

WEBINAR

Free Event for OCMA Members

Understanding the Fiscal Impact of the Pandemic Recession

hosted by Management Partners

WEDNESDAY, AUGUST 5, 2020

1:30 pm - 2:30 pm

FREE EVENT

REGISTER

The pandemic-induced recession is hurting local governments, especially in earnings tax-dependent states like Ohio, and the future is uncertain. Leaders need to quickly understand the extent of their fiscal challenges and formulate strategies to adapt.

In this webinar, Management Partners will demonstrate to OCMA members and Finance Directors how its fiscal analysis tool allows users to:

Load
Expenditures
and
Revenues

Assess the
Depth and
Duration of the
Assumed Impact

See Your City's
Pre-existing
Reserves

View Impacts
and Alternatives
in Real Time

Cities can then use the forecast results to develop solutions such as cutting costs and increasing revenues, and communicate options to elected officials, employees and the community.

Please contact Sam Lieberman at slieberman@managementpartners.com or 513-382-3229 for registration questions.
